Aesthetically appealing design

MOST PROUD OF

What Are You Most Proud Of:

I am most proud of successfully developing and launching a comprehensive e-commerce platform on Shopify for a fresh fruits and nuts business. The platform received positive feedback for its seamless user experience and has significantly boosted online sales for the business. This accomplishment not only honed my technical skills but also demonstrated my ability to deliver high-quality solutions that meet client needs and drive business growth.

PROJECTS

1.Ludo Game Development : Added four-player functionality, hint button, refresh button, and reset button.Implemented sounds for dice rolls and piece movements.Introduced a unique trivia feature for earning extra moves.

Output:

- Successfully created an engaging and functional game that can be played in a web browser.
- Received positive feedback for the design and user experience.

2.Blocks Game : Created a game with different structures where lines are destroyed when filled vertically.Focused on game logic and user engagement.

Output:

- Successfully created an engaging and functional game that can be played in a web browser.
- Received positive feedback for the design and user experience.

3.Portfolio Website : Designed and developed a personal portfolio website to showcase projects and skills.Utilized HTML, CSS, and JavaScript for a responsive and interactive design.

Output:

- Successfully launched the portfolio website, providing a professional platform to display my work.
- Received positive feedback from peers and potential employers for its design and usability.
- Increased visibility and networking opportunities within the industry.
